www.adata.com

Second largest manufacturer of SSD and DRAM memory modules worldwide.
Storage Products - **Form Factors:** 2.5", M.2 2280, M.2 2242, mSATA-MO300, SlimSATA-MO-300, SATA DOM, 10 pin USB, USB, eMMC **Cards:** CF, CFAST, CF Express, SD, microSD. **Interfaces:** SATA, PCIe, USB 2.0, USB 3.0 **NAND Type:** 3D TLC, MLC, A+ SLC, SLC **Temperate Ranges:** 0C-70C, and -40C- 85C **Memory Module Modes:** DDR3, DDR4 **Capacities:** 2GB - 32GB **Speeds:** 1600 - 3200mhz **Module Type:** UDIMM, SODIMM, RDIMM, ECC DIMM, VLP DIMM. **CAS Latency:** CL2 - CL17 **Temperate Ranges:** 0C-85C, and -40C-85C.

www.akm.com

Mixed Signal Integrated Circuits for audio, video, networking & wireless communications. Full range of high quality audio DACs, ADCs, Codexes, SRC, S/PDIF, & Audio DSPs. Hall Effect I/Cs, current and infrared sensors and power management.

Spectrum Control Products www.apitech.com

Custom applications, Advanced Ceramics, Custom Cable Assemblies, Specialty Connectors, Power Filters, Film Modules, Coaxial Filters & Interconnects.

RF/Microwave www.apitech.com/microwave

RF/microwave, millimeter wave subsystems, components for defense, space, wireless, & commercial applications. Product offerings include: AESA Radar modules, Integrated Microwave assemblies, RF components, microwave filters, frequency sources, low cost high volume SMT amplifiers, MIL-STD 1553 Data Bus, Space Grade Microelectronics, thin film, thick film and build to print manufacturing capabilities. Antennas & Assemblies.

Power Solutions www.power.apitech.com

Power strips, power distribution units, and circuit protection systems for both DC and AC power applications.

Weinschel www.apitech.com

Weinschel's product offering includes fixed attenuators for test, metrology and space applications; continuously variable, manual step, solid-state digital step and programmable step attenuators; high power terminations; resistive splitters and dividers; manual phase shifters; Planar Blind-Mate®, Planar Crown® connectors. In addition to coaxial components covering DC-40 GHz.

GigaDevice www.gigadevice.com

GigaDevice, the leading provider of Non-Volatile Memory (NVM) devices, is a fabless company engaged in advanced memory and related chip design in Mainland China established in 2005. GigaDevice provides a wide range of high speed and low power NOR Flash memory products. Since 2007, GigaDevice has been accredited by SGS ISO9001 and ISO14001.

Leader in thick, thin film, and current sensing resistors. resistor arrays; thermal sensors, fuses & varistors; power and thin film inductors; ceramic capacitors; three-terminal & ferrite bead EMI/EMC filters; LTCC; and IPD

Wireless made simple™

www.linxtechnologies.com

Developing and manufacturing wireless products that are easy for engineers of all skill levels to use. Sub 1Ghz RF modules, remote controls, embedded and external antennas up to 5.8Ghz and connectors make it easy to integrate wireless features without the hassle and expense of engineering RF functionality from scratch.

www.norcomp.net

Standard and custom I/O interconnect products. Marketing high reliability connectors under the brands SEAL-D, M-SERIES Circularity, QUIK-LOQ Push-Pull, MICRO-D, & ARMOR that are used in rugged applications including industrial, military and medical. IP66, IP67 & IP68 available.

www.oupiin.com

Powerful connection technology is the basis for industrial production technology. Oupiin's products combine systems with data, signal and power. These offerings enable solutions for the following markets: automation technology, energy, transportation, broadcasting, engineering, medical technology and infrastructure. High Power (up to 150amp), Power & Signal Edge Card, High Speed (SFP/SFP+, QSFP+), Board to Board, Wire to Board, FFC/FPC, Hard Metric, Future Bus+, DIN 41612, Terminal Blocks, D-Subs, USBs, Pin Headers, Storage Connectors, Custom Cable Assemblies.
